Policy Statement
Scope and introduction

This policy applies to St Mary’s School, Cambridge (“the School”). It applies to all pupils including those in the Early Years Foundation Stage (EYFS) and boarders and applies at all times including where pupils and staff are away from School. This policy is reviewed and updated annually (as a minimum) and is available on the School website, at reception or on request. This policy is available to all staff on the Child Protection tile on St Mary’s Cloud.

This policy sets out how the School’s Governing Body discharges its statutory responsibilities relating to safeguarding and promoting the welfare of pupils who are at the School. This policy applies to all staff in school, regardless of their employment status, including contractors, peripatetic staff, coaches, volunteers and Governors. Through their contact with pupils and direct work with families all staff in School have a responsibility to:

- Identify concerns early to prevent them from escalating;
- Provide a safe environment in which children can learn;
- Identify children who may benefit from early help;
- Know what to do if a child tells them he/she is being abused or neglected:
- Follow the referral process if they have a concern

In this policy, DSL means the Junior School and Senior School Designated Safeguarding Leads. References to DSL include the Deputy DSL (DDSL). It is consistent with the Cambridge and Peterborough Safeguarding Children Partnership Board (SCPB) procedures.
Advice and Guidance
This policy has regard to the following guidance and advice:

- Keeping children safe in education (September 2019) (‘KCSIE’)
- Guidance for safer working practice for those working with children and young people in education settings May 2019
- Working together to safeguard children (July 2018)
- Disqualification under the Childcare Act 2006
- Revised Prevent duty guidance for England and Wales (July 2015)
- The Prevent Duty, departmental advice for schools and childcare providers June 2015
- Channel duty guidance; protecting vulnerable people from being drawn into terrorism (HM Government, April 2015)
- Multi-agency statutory guidance on female genital mutilation (HM Government, April 2016)
- What to do if you’re worried a child is being abused: advice for practitioners (March 2015)
- Information sharing: advice for practitioners providing safeguarding services (July 2018)
- The use of social media for on-line radicalisation (July 2015)
- Sexting in schools and colleges: responding to incidents and safeguarding young people (UK Council for Child Internet Safety (UKCCIS), August 2016)
- Children missing education (September 2016)
- Child sexual exploitation: definition and a guide for practitioners, local leaders and decision makers working to protect children from child sexual exploitation (February 2017)
- Sexual violence and sexual harassment between children in schools and colleges (May 2018)
- Searching, screening and confiscation: advice for schools (January 2018)
- Strategy for dealing with safeguarding issues in charities (December 2017)
- Regulatory alert to charities – safeguarding (December 2017)
- How to report a serious incident in your charity (June 2019); and
- Effective Support for Children and Families in Peterborough and Cambridgeshire (November 2018)
- Home Office guidance ‘preventing youth violence and gang involvement’
- Home Office guidance ‘Criminal exploitation of children and vulnerable adults: county lines’

The following School policies and procedures are relevant to this policy:

- Staff Behaviour Policy
- Whistle Blowing Policy
- Recruitment, Selection and Disclosure Policy
- IT Acceptable Use Policy
- On Line Safety Policy
- Pupil Internet and IT Policy
- Social Media Policy
- Behaviour, Discipline and Exclusions Policy
- Anti-bullying Policy
- Risk Assessment Policy
- Visitors Policy
• Missing Child and Uncollected Child Procedure
• SEND (Learning Difficulties) Policy
• Equality Policy
• Health and Safety Policy
• Physical Restraint Policy
• Medicines Policy – days girls and boarders
• Attendance Policy
• First Aid Policy
• Health and Safety Policy
• Physical Restraint Policy
• Complaints Policy and Procedure
• Staff Discipline and Grievance Procedures

Definition of safeguarding and types and indicators of abuse

Safeguarding and promoting the welfare of children is defined as:

• protecting children from maltreatment;
• preventing impairment of children’s health or development;
• ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
• taking action to enable all children to have the best outcomes.

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children.

Abuse can be:

• physical abuse
• emotional abuse
• sexual abuse; and/or
• neglect.

Please see Appendix 1 of this policy for further detail of the types of abuse and possible indicators of abuse. Staff members should maintain an attitude of “it could happen here” where safeguarding is concerned. When concerned about the welfare of a pupil, staff members should always act in the best interests of the pupil.

Procedures for dealing with concerns about a child

We will follow the procedures set out in the SCPB ‘Inter-Agency Procedures’. A copy of these procedures can be found on their website: https://www.safeguardingcambs peterborough.org.uk/children-board/

If staff suspect or hear an allegation or complaint of abuse or neglect from a child or any third party, they must follow the relevant procedure below and action must be taken immediately. Staff should not assume that somebody else will share information that might be critical in keeping the child/ren safe.
The guidance, Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers supports staff who have to make decisions about sharing information. Fears regarding sharing information under the Data Protection Act 2018 and the GDPR should not be allowed to stand in the way of the need to promote the welfare, and protect the safety of children. If in doubt about what information can and should be shared, staff should speak to the Designated Safeguarding Lead (‘DSL’).

Where there is a safeguarding concern, the School will ensure the pupil’s wishes and feelings are taken into account when determining what action to take and what services to provide. This is particularly important in the context of harmful behaviours, such as sexual harassment and sexual violence. The School manages this by arrangements for listening to children and providing early help. Pupils have opportunities in the School to raise concerns and have ‘their say’. This includes pastoral staff, nurses, the School counsellor and the lay School chaplain.

The School operates its processes with the best interests of the pupil at their heart.

1. Listen to the disclosure

- listen carefully and keep an open mind
- avoid asking leading questions
- reassure the pupil that the allegation/complaint will be taken seriously
- do not guarantee absolute confidentiality (as this may ultimately not be in the best interests of the child) and explain that the information needs to be passed to the appropriate person who will ensure that the correct action is taken
- record information and report the concern in accordance with this policy

2. Record the concern

All concerns, discussions and decisions (together with reasons) made under these procedures should be recorded in writing on the Logging Concern form which can be found in the St Mary’s Cloud - Child Protection Tile.

The record should be factual and should include:

- the pupil’s details: name and date of birth
- the date and time of the event/concern/conversation
- the detail of what was said and done by whom and in whose presence
- the action taken and by whom with reasons for decisions made
- the name and position of the person making the record who should print their name, sign and date it.

All other evidence, for example, notes made, text messages, clothing, computers, screen shots must be kept securely. Where the allegation relates to harmful sexual behaviours, if possible the disclosure should be managed with two members of staff present (preferably one of them being the DSL or the DDSL).

Where there is a safeguarding concern, the School will ensure the pupil’s wishes and feelings are taken into account when determining what action to take and what services to provide. This is particularly important in the context of harmful behaviours, such as sexual harassment and sexual violence.
Where an allegation or complaint is made by an adult, the DSL will inform them that their evidence will be passed on to a third party and they will be required to give a signed statement. If, after consideration, it is decided to pass the information and any documentation to an outside agency in accordance with this policy, the DSL will (unless advised otherwise) contact the disclosing party and inform them of this.

3. Report the concern

If the concern involves an allegation against staff, this must be reported in accordance with the arrangements for dealing with allegations of abuse against teachers and other staff (including the Head, governors and volunteers) set out below at page 18.

See also Appendix 3 – the safeguarding flowchart about how to report concerns.

If the concern does not involve an allegation against a staff member, the member of staff must report the concern to the DSL or DDSL in the DSL’s absence. In exceptional circumstances if the DSL and DDSL are unavailable, staff must not delay taking action. Staff should speak to a member of the senior leadership team and/or advice should be taken from Children’s Social Care. See contact details at the beginning of this policy. Any action should be shared with the DSL or DDSL as soon as is practically possible. See further guidance on pages 13 and 14 of this policy.

Where a child is suffering or is likely to suffer from harm, a referral to Children’s Social Care should be made immediately. Staff should be aware of the process for making referrals direct to Children’s Social Care and/or the Police in these circumstances. Any action should be shared with the DSL or DDSL as soon as is practically possible. See further guidance on pages 13 and 14 of this policy. See Appendix 4 for referrals to Children’s Social Care.

Teachers must report known cases of female genital mutilation (FGM) to the Police. See Appendix 1 for further information about FGM and this reporting duty. All other staff should report FGM concerns to the DSL.

4. Action by the DSL

The DSL will consider the appropriate course of action in accordance with the SCPB procedures and referral threshold document. Such action may include:

- Managing any support for the pupil via the School’s own pastoral support processes (taking advice from Children’s Social Care where required);
- An Early Help assessment (see below); or
- A referral for statutory services

Where the concern relates to the welfare of a pupil who is over 18 or over, the DSL will consider whether it is necessary to refer such concerns to the Safeguarding Adults Board rather than, or in addition to, Children’s Social Care.
should consider the context within which such incidents and/or behaviours occur. The School will as part of the wider assessment of children, consider whether environmental factors are present in a child’s life that are a threat to their safety and/or welfare. The School will share as much information with Children’s Social Care as possible as part of the referral process to enable consideration of all the available evidence and the full context of any abuse.

Early Help

Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

Any child may benefit from early help but all staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs
- has special educational needs (whether or not they have a statutory education, health and care plan)
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- is frequently missing/goes missing from care or from home
- is misusing drugs or alcohol themselves
- is at risk of modern slavery, trafficking or exploitation
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- has returned home to their family from care
- is showing early signs of abuse and/or neglect
- is at risk of being radicalised or exploited
- is a privately fostered child.

In the first instance, staff (including governors and volunteers) who consider that a pupil may benefit from early help should discuss this with the School’s DSL. The DSL will consider the appropriate action to take in accordance with the SCPB referral threshold document: http://www.safeguardingcambspeterborough.org.uk/wp-content/uploads/2018/11/Effective-Support-for-Children-and-Families-Thresholds-Document.pdf

The DSL will support staff in liaising with external agencies and professionals in an inter-agency assessment, as appropriate. If early help is appropriate, the matter will be kept under review and consideration given to a referral to Children’s Social Care if the pupil's situation appears to be getting worse or does not appear to be improving. The School recognises that whilst any child may benefit from early help, staff are encouraged to consider the wider environmental/associated factors present in a child’s life which could pose a threat to their welfare or safety (contextual safeguarding).

What staff should do if they have concerns about a child

If staff (including governors and volunteers) have any concerns about a child (as opposed to a child being in immediate danger), they should, where possible, speak with the School’s DSL to agree a course of action although staff can make a direct referral to Children’s Social Care.
If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made. Confirmation of the referral and details of the decision as to what course of action will be taken should be received from Children’s Social Care within one working day. If this is not received, the DSL (or the person who made the referral) should contact Children’s Social Care again. Following a referral, if the child’s situation does not appear to be improving, the local escalation procedures should be followed to ensure that concerns have been addressed and that the child’s situation improves. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

What staff should do if a child is in danger or at risk of harm

If staff (including governors and volunteers) believe that a child is in immediate danger or at risk of harm, they should make an immediate referral to Children’s Social Care and/or the Police. **Anyone can make a referral.** Any such referral must be made immediately and in any event within 24 hours (one working day) of staff being aware of the risk. Parental consent is not needed for referrals to statutory agencies such as the Police and Children’s Social Care. If anyone other than the DSL makes a referral, they should inform the DSL as soon as possible that a referral has been made. Confirmation of the referral and details of the decision as to what course of action will be taken should be received from Children’s Social Care within one working day. If this is not received, the DSL (or the person who made the referral) should contact Children’s Social Care again. Staff should challenge any inaction. All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing.

The Cambridgeshire and Peterborough Safeguarding Children Partnership Board (SCPB) is the School’s local board. A full copy of their local procedures can be found at [http://www.safeguardingcambspeterborough.org.uk/](http://www.safeguardingcambspeterborough.org.uk/)

What staff should do if a child is seen as at risk of radicalisation

Staff should refer to Appendix 1 for more information about radicalisation.

Staff should follow the School’s normal referral processes when there are concerns about children who may be at risk of being drawn into terrorism, as set out above. This may include a referral to Channel or Children’s Social Care depending on the level of risk. However, if staff have concerns that there is an immediate/significant risk of a child being drawn into terrorism they must call the Police on 999 or seek advice from the Children’s Social Care referrals team (see numbers in key contacts above). Advice and support can also be sought from the Police on tel number 101 and from Children’s Social Care.

The School, in recognition that pupils may be at risk of being drawn into terrorism or other forms of extremism, carries out appropriate risk assessments (following consultation with local partners, such as [the MASH] and or Police) of the potential risk in the local area. Such risk assessments are discussed with the Head, DSL and DDSL and governors responsible for safeguarding to ensure the School’s safeguarding arrangements are sufficiently robust to help prevent and protect children from being drawn into terrorism and are regularly revised.
What staff should do if they discover an act of Female Genital Mutilation ('FGM')

Staff should refer to Appendix 1 of this policy for the procedure to be followed where they suspect that a pupil may be at risk of FGM.

Teachers must report to the Police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should still consider and discuss any such case with DSL and involve Children's Social Care as appropriate.

What staff should do if they have concerns that children are at risk from or involved with serious violent crime

All staff should be aware of indicators which may signal that children are at risk from or are involved with serious violent crime. These may include increased absence from School, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, signs of assault or unexplained injuries.

If staff have any concerns about a child (as opposed to a child being in immediate danger), they should, where possible, speak with the School's DSL to agree a course of action, although staff can make a direct referral to Children’s Social Care.

What staff should do if a child goes missing from education

If a child misses education, particularly on repeat occasions, this can be a potential indicator of a range of safeguarding possibilities which may include abuse, neglect, child sexual exploitation, child criminal exploitation, mental health problems, risk of substance abuse, risk of trafficking or travel to conflict zones, a risk of FGM or forced marriage. The School’s procedures for unauthorised absence, searching for and dealing with children who go missing from the School are in the Missing Child and Uncollected Child procedure.

The School monitors attendance regularly and on an ongoing basis to ensure that formal reports of any persistent absence or concerns about rising levels of poor attendance are monitored effectively and reported to Cambridgeshire Local Authority (and where relevant other external agencies for family support).

The School will report to the Cambridgeshire Local Authority a pupil who fails to attend school regularly or has been absent from school without the School's permission for a continuous period of 10 school days or more and will have reference to the procedure set out in Cambridgeshire’s Children Missing Education guidance.

The School shall inform the local authority of any pupil who is going to be added to or deleted from the School's admission register at non-standard transition points in accordance with the requirements of the Education (Pupil Registration) (England) Regulations 2006 (as amended). This will assist the local authority to:
• fulfil its duty to identify children of compulsory school age who are missing from education; and
• follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse, neglect or radicalisation.

Action should be taken in accordance with this policy if any absence of a pupil from the School gives rise to a concern about their welfare and or safeguarding. Where reasonably possible, the School will hold more than one emergency contact number for each pupil to provide the School with additional options to make contact with a responsible adult, particularly when a child missing from education is also identified as a welfare and/or safeguarding concern.

What staff should do if they have concerns about another staff member

If staff have concerns about another staff member or volunteer, then this should be referred to the Head. Where there are concerns about the Head, this should be referred to the Chair of Governors. In the event of allegations of abuse being made against any staff or volunteer working in School, staff are referred to the procedures below regarding managing allegations of abuse against staff (including volunteers).

What staff should do if they have concerns about safeguarding practices in the School

The School aims to ensure there is a culture of safety and raising concerns and an attitude of 'it could happen here'. Where staff have concerns about poor or unsafe practices and potential failures in the School’s safeguarding systems, these should be raised in accordance with the School’s Whistleblowing Policy which can be found on the policies page of the School website. There will be no disciplinary action taken against a member of staff for making such a report provided that it is done in good faith.

If staff and volunteers feel unable to raise an issue with the School or feel that their genuine concerns are not being addressed, they may use other whistleblowing channels, such as the NSPCC whistleblowing advice line. Contact details for the NSPCC helpline can be found on the Contacts page at the start of this policy.

Arrangements for dealing with peer-on-peer allegations

Peer-on-peer abuse is abuse by one or more pupils against another pupil. It can manifest itself in many ways and include sexting, bullying (including cyber- bullying), initiation / hazing type violence and rituals, physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm, sexual assault, gender-based issues and harmful sexual behaviours including sexual violence, sexual harassment and upskirting (now a criminal offence and typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm). Abusive comments and interactions should never be passed off or dismissed as "banter" or "part of growing up". Nor will harmful sexual behaviours be dismissed as the same or "just having a laugh". The School will challenge behaviours (which are potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts.
Harmful sexual behaviour is a term that includes sexual violence and sexual harassment. The School recognises that problematic, abusive and violent sexual behaviours are inappropriate and may cause developmental damage. Harmful sexual behaviours can occur online and offline (both physical and verbal), are never acceptable and may be criminal. Further guidance can be found in KCSIE part 5 and The DfE guidance ‘Sexual violence and sexual harassment between children in schools and colleges’.

The School recognises that children with special educational needs and disabilities can be more prone to peer on peer group isolation than other children and will consider extra pastoral support for those children.

The School recognises that children can be particularly vulnerable in residential settings and are alert to the potential for peer-on-peer abuse.

The School take steps to minimise the risk of peer-on-peer abuse. The School has robust Anti-Bullying procedures in place (see the School’s Anti-Bullying Policy) and pupils are taught about acceptable behaviour and how to keep themselves safe. Risk assessments are carried out and appropriate action is taken to protect pupils identified as being at risk.

Where an issue of pupil behaviour gives ‘reasonable cause to suspect that a child is suffering, or is likely to suffer significant harm, staff should follow the procedure below rather than the School’s Anti-bullying and Behaviour Policies.

Allegations against pupils should be reported to the DSL. If sexual violence or sexual harassment is alleged to have occurred the DSL will take into account the response of the Police and Children’s Social Care to these issues.

A pupil against whom an allegation of abuse has been made may be suspended from the School as a neutral measure during the investigation. The School will take advice from the Cambridgeshire Local Safeguarding Children’s Board (LSCB) and/or the Police, as appropriate, on when and how to inform the pupil about the allegations and how investigation of such allegations will be conducted and will take all appropriate action to ensure the safety and welfare of all pupils involved including the alleged victim and perpetrator/s.

If it is necessary for a pupil to be interviewed by the Police in relation to allegations of abuse, the School will ensure that, subject to the advice of the LSCB, parents are informed as soon as possible and that the pupils involved are supported during the interview by an appropriate adult and until the investigation is completed. Confidentiality will be an important consideration for the School and advice will be sought as necessary from the LSCB and/or the Police as appropriate. In the case of pupils whose parents are abroad, the pupil’s education guardian will be requested to provide support to the pupil and to accommodate her if it is necessary to suspend her during the investigation.

Police may be informed of any harmful sexual behaviours which are potentially criminal in nature, such as grabbing bottoms, breasts and genitalia. Rape, assault by penetration and sexual assaults will be passed to the Police. If the DSL decides to make a referral to Children’s Social Care and/or a report to the Police against a victim’s wishes, the reasons should be explained to the pupil and appropriate specialist support offered. The School’s approach to sexting is set out in Appendix 1.

In the event of disclosures about peer-on-peer abuse, all children involved (both victim and perpetrator/s) will be treated as being at risk and safeguarding procedures in accordance with
this policy will be followed. Appropriate support will be provided to all pupils involved, including support from external agencies as necessary.

**Information sharing / record keeping**

The Data Protection Act 2018 does not prevent school staff from sharing information with the relevant agencies, where that information may help to protect a child. All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children (as set out in Department of Education guidance - **Information Sharing; Advice for practitioners providing safeguarding services to children, young people, parents and carers July 2018**).

The School will keep all child protection records confidential, allowing disclosure only to those who need the information in order to safeguard and promote the welfare of children. When a child leaves the School before the age of 18 their Child Protection file (if relevant) is transferred securely to the new school.

The School will co-operate with Children’s Social Care and where appropriate, with the Police, to ensure that all relevant information is shared for the purposes of early help assessments and child protection investigations. Where necessary, in child protection matters (including where allegations have been made against staff), the School will consult with the Local Authority Named Senior Officer, the Designated Officer, Police and Children’s Social Care (where relevant) to seek advice about confidentiality and to agree the information that should be disclosed and to whom.

**Informing parents**

Parents will normally be kept informed as appropriate of any action to be taken under these procedures. However, there may be circumstances when the DSL will need to consult the Head, the Designated Officer, Children’s Social Care and/or the Police before discussing details with parents.

See arrangements for dealing with allegations of abuse against teachers and other staff below about disclosure of information where an allegation has been made against a member of staff.

**Additional Reporting**

The School will consider whether it is required to report safeguarding incidents to any other regulatory body or organisation, including but not limited to:

- Health and Safety Executive – Please see the School’s Health and Safety Policy.
- Charity Commission – The School is a registered charity and is required to report all serious incidents to the Charity Commission in accordance with the guidance ‘How to report a serious incident in your Charity’ CC June 2019. Serious incidents that will be reported to the Charity Commission include suspicions, allegations or incidents of
abuse involving pupils. The School will notify the Charity Commission of other agencies to which the incident has been reported in accordance with this policy.

- Boarding School Association – as a member school we will report matters in accordance with the Commitment to Care charter
- Insurers – the School will consider whether it is necessary to report a safeguarding incident to the relevant insurers and/or brokers and if so, the time-scale required by the relevant policies. In any event, this will be done prior to renewal to ensure the School complies with its duties under the Insurance Act 2015.

Arrangements for dealing with allegations of abuse against teachers and other staff (including the head (of each school), governors and volunteers)

The School’s procedures for managing allegations against staff who are currently working in the School follows Department for Education statutory guidance and SCPB arrangements and applies when staff (including volunteers) have (or are alleged to have):

- Behaved in a way that has harmed a pupil, or may have harmed a pupil
- Possibly committed a criminal offence against or related to a pupil or
- Behaved towards a pupil in a way that indicated that they may pose a risk of harm if they were to work regularly or closely with children.

These procedures seek to strike a balance between the need to protect children from abuse and the need to protect staff from malicious, false, unsubstantiated or unfounded allegations.

Allegations against a teacher who is no longer teaching should be referred to the Police. Historical (non-recent) allegations of abuse should be referred to the Police and also the Designated Officer.

The local authority has a team of people who are involved with the management and oversight of allegations against people that work with children (Local Authority Named Senior Officer and Designated Officer). The School will consult with the Local Authority Name Senior Officer who will liaise with the Designated Officer and ensure that all allegations that come to the School’s attention and appear to meet the above criteria are reported to the Designated Officer within one working day. Following consultation with the Designated Officer, the Local Authority Named Senior Officer will advise on all further action to be taken. The Head or Chair of Governors will not seek to interview the child/ren or member/s of staff involved until advice has been sought.

Detailed guidance is provided to staff to ensure that all staff are clear on the rules of conduct and the expectations of the School in relation to the contact with pupils, parents, colleagues and any other person who comes into contact with the School. This guidance is contained in the Staff Behaviour Policy and includes details of additional safeguarding arrangements where staff engage in one-to-one teaching and meetings with pupils.

If an allegation is made
If an allegation is made against anyone working with children in the School, the School should not undertake their own investigation of allegations without prior consultation with the Local Authority Named Senior Officer or Designated Officer or, in the most serious cases, the Police, so as not to jeopardise statutory investigations. In borderline cases, the School may discuss informally with the Local Authority Named Senior Officer or Designated Officer on a no-names basis.

All allegations should be investigated as a priority to avoid any delay.

1. All allegations which appear to meet the above reporting criteria are to be reported straight away to the Head. If the Head is absent or is the subject of the allegation or concern, reports should be made to the Chair of Governors. Where the Head is the subject of the allegation or concern, the Head must not be informed of the allegation prior to contact with the Chair of Governors and Designated Officer.

2. An allegation against a Governor should be reported immediately to the Safeguarding Governor. If the Safeguarding Governor is the subject of the allegation it should be reported to the Head.

3. The person taking action is known as the Case Manager. The Case Manager should immediately discuss the allegation with the Local Authority Named Senior Officer who will liaise with the Designated Officer and consider the nature, content and context of the allegation and agree a course of action including any involvement of the Police. (Where the Case Manager deems there to be an immediate risk to children or there is evidence of a possible criminal offence, the Case Manager may involve the Police immediately.) All discussions should be recorded in writing, and any communication with both the individual and the parents of the child(ren) agreed. The Designated Officer should be informed within one working day of all allegations that come to the School’s attention and appear to meet the criteria or that are made directly to the Police and/or Children’s Social Care.

4. The Case Manager will ensure that the individual who is subject of the allegation is informed of the allegation as soon as possible after the Designated Officer (and Police where relevant) has been consulted. The Case Manager will appoint a named representative to keep the individual informed of the progress of the case and will consider what other support is appropriate for the individual.

5. The Case Manager should give careful consideration as to whether the circumstances of the case warrant suspension or whether alternative arrangements should be put in place until the allegation is resolved. The Case Manager will give due weight to the views of the Local Authority Named Senior Officer or Designated Officer and KCSIE when making a decision about suspension. Where the individual is suspended, the Case Manager will ensure they know who their point of contact is in the School and shall provide them with their contact details.

6. Where a member of boarding staff is suspended pending an investigation, the Case Manager will consider whether arrangements for alternative accommodation away from children should be made.

7. The Case Manager will ensure that parents or carers of the child / children involved will be informed of the allegation as soon as possible if they do not already know of it. They may also be kept informed about progress of the case, including the outcome of any disciplinary process. The timing and extent of disclosures, and the terms on which they are made, will be dependent upon and subject to the laws on confidence and data protection and the advice of external agencies.
8. The Case Manager will discuss with the Local Authority Named Senior Officer or Designated Officer whether a referral to the Disclosure and Barring Service or Teaching Regulation Agency should be made where an allegation is substantiated, and the person is dismissed or the School ceases to use their services, or the person resigns or otherwise ceases to provide their services. The School has a legal obligation to report promptly to the Disclosure and Barring Service any person (whether employed, contracted, a volunteer or a student) who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. Further, or in the alternative, if an investigation leads to the dismissal or resignation prior to dismissal of a member of teaching staff specifically, the School must consider making a referral to the Teaching Regulation Agency and a prohibition order may be appropriate (because that teacher has displayed unacceptable professional conduct, conduct that may bring the profession into disrepute or a conviction at any time for a relevant offence). An interim referral may be considered if appropriate.

9. On conclusion of the case, the Case Manager should review the circumstances of the case with the Local Authority Named Senior Officer or Designated Officer to determine whether there are any improvements to be made to the School’s safeguarding procedures or practices to help prevent similar events in the future. Where necessary, a report will be made to the Board of Governors.

The School will make every reasonable effort to maintain confidentiality and guard against unwanted publicity whilst an allegation is being investigated or considered. The School is mindful that there may be reporting restrictions preventing the identification of a teacher who is the subject of such an allegation.

Allegations found to be malicious will be removed from the individual's personnel records. In all other circumstances a written record will be made of the decision and retained on the individual's personnel file in accordance with KCSIE and a copy will only be provided to the individual concerned.

Allegations proven to be false, unsubstantiated, unfounded or malicious will not be included in employer references. If an allegation is shown to be deliberately invented or malicious, the Head will consider whether any disciplinary action is appropriate against a pupil who made it; or whether the Police should be asked to consider if action might be appropriate against the person responsible even if they are not a pupil.

In all cases where there are concerns or allegations of abuse, the School will make a serious incident report to the Charity Commission whenever the Commission's guidelines deem it appropriate to do so and will inform the Boarding School Association (where relevant).

**Staff Behaviour policy**

The School’s Staff Behaviour Policy can be found on the School website (policies) and in St Mary’s Cloud Human Resources tile. The aim of the Staff Behaviour Policy is to provide clear guidance about behaviour and actions so as to not place pupils or staff at risk of harm or of allegation of harm to a pupil.
Safer recruitment

The School is committed to safer recruitment processes. Members of the teaching and non-teaching staff at the School including part-time staff, temporary and supply staff, and visiting staff, such as musicians and sports coaches are subject to the necessary statutory child protection checks before starting work, for example, right to work checks, additional overseas checks (if necessary), verifying identity, taking up references, checking work history and confirming medical fitness for the role. For most appointments, an enhanced DBS check with ‘barred list’ information will be appropriate. A DBS certificate will be obtained from the candidate before or as soon as practicable after appointment. Alternatively, if the applicant has subscribed to it and gives permission, the School may undertake an online update check through the DBS Update Service. The School maintains a single central register of appointments for all staff.

Full details of the School’s safer recruitment procedures for checking the suitability of staff, Governors and volunteers to work with children and young people is set out in the School’s Recruitment, Selection and Disclosure Policy. Staff connected to the EYFS and later years provisions are under an ongoing duty to inform the School if their circumstances change which would mean they meet any of the criteria for disqualification under the Childcare Act 2006.

The School’s protocols for ensuring that any visiting speakers, whether invited by staff or pupils themselves, are suitable and appropriately supervised is set out in the School’s Visitors Policy.

Management of safeguarding

The Junior School DSL is Matthew O’ Reilly and the Junior School DDSL is Kerry Owens. The Senior School’s DSL is Aodain Fleming and the Senior School DDSLs are Paul Mallabone and Stephen Seidler. Matthew O’ Reilly, Aodain Fleming, Paul Mallabone and Stephen Seidler are members of the School’s Senior Leadership Team. This ensures there is the required cover for the role at all times.

The DSLs and DDSLs’ contact details can be found on the Contacts page at the start of this policy.

The DSL’s role is to take lead responsibility for safeguarding and child protection matters in their respective Schools. The DSL’s responsibility is to maintain an overview of safeguarding within the School, to open channels of communication with local statutory agencies, to support staff in carrying out their safeguarding duties and to monitor the effectiveness of the School’s policies and procedures in practice. The DSL works with the governors to review and update the School’s safeguarding policy. Where a pupil leaves the School, the DSL will also ensure their child protection file is transferred to the new school (separately from the main pupil file) as soon as possible. The DSL will ensure secure transit and obtain confirmation of receipt.

The DSLs regularly review the School’s and their own practices and concerns about welfare and safeguarding matters. This includes the personal and professional duty of all staff to report welfare and safeguarding concerns to the DSL, or in the absence of action, directly to local children’s services.

The DSLs or DDSLs should always be available during school hours or when a school activity is taking place to discuss safeguarding concerns and may be contacted via the number given in the Key contacts section above in relation to any safeguarding concern. Staff are provided with a mobile number for the DSLs. As staff availability cannot be guaranteed out of school...
hours or when a school activity is not taking place, urgent safeguarding matters should be referred directly to Children’s Social Care (and copied to the relevant DSL). Staff must not delay in taking action. During such times when the DSL or DDSLs are not available, non-urgent matters may be emailed to the relevant DSL or communicated through the senior school reception 01223 353253.

Full details of the DSL’s role can be found at Annex B of KCSIE and Annex 2 of this policy.

Ultimate lead responsibility for safeguarding and child protection remains with the DSLs and this responsibility should not be delegated. The DSLs from each school, together with the Governor with responsibility for safeguarding, meet three times a year to discuss recent trends and updates.

Training

Induction and further training are in line with advice from the SCPB. Additionally, the School will assess the appropriate level and focus for staff training and responsiveness to specific safeguarding concerns. All Governors receive safeguarding training on induction and will also receive safeguarding and child protection updates at least annually. The School has mechanisms in place to assist staff to understand and discharge their role and responsibilities and to ensure that they have the relevant skills and knowledge to safeguard children effectively, including staff meetings, twilight training, INSET and professional development appraisals.

All Staff

All new staff will be provided with induction training that includes:

- the Safeguarding and Child Protection Policy;
- the role and identity of the DSL(s) and DDSLs;
- the Behaviour Policy;
- the Staff Behaviour Policy;
- the Whistle Blowing Policy;
- the ICT Acceptable Use Policy
- the On-Line Safety Policy
- the Missing Child and Uncollected Child Policy;
- a copy of Part one and Annex A of KCSIE;
- appropriate Prevent duty training.

All staff are also required to:

- Read Part one and Annex A of KCSIE and confirm that they have done so. Each time Part one of KCSIE is updated by the Department for Education, staff will be updated on the changes.
- Understand key information contained in Part one and Annex A of KCSIE.
- Receive training in safeguarding and child protection regularly, in line with advice from the SCPB. Training will include online safety and harmful sexual behaviours. It will also include Prevent awareness training to equip staff to raise concerns appropriately by
ensuring all staff have the knowledge and confidence to identify children at risk of being drawn into terrorism; are able to challenge extremist ideas; and know how to refer children and young people for further help.

- Undertake regular informal updates, at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. The School provides these via, INSET, emails, bulletins and staff meetings.

DSL(s)

The DSLs and DDSLs receive updated child protection training at least every two years to provide them with the knowledge and skills required to carry out the role. This includes local inter-agency working protocols, participation in child protection case conferences, supporting children in need, identifying children at risk of radicalisation, record keeping and promoting a culture of listening to children, training in the LSCB’s approach to Prevent duties and harmful sexual behaviours. Further details of the required training content for the DSL are set out in Annex B of KCSIE and Appendix 2.

In addition to their formal training, the DSLs’ and DDSLs’ knowledge and skills are updated at least annually to keep up with any developments relevant to their role.

Oversight of safeguarding, including arrangements for reviewing policies and procedures

Sarah Dixon is the Governor designated to take a lead in relation to responsibility for the safeguarding arrangements in the School. The Safeguarding Governor is a member of the Governance Committee.

A review of the School’s child protection policies takes place at least annually, including an update and review of the effectiveness of procedures and their implementation. The policy is updated and considered by the leadership team. The DSL reports to the Governance Committee in September to raise any topics of interest and summarise the School’s safeguarding practices over the year. The Local Authority safeguarding audit is completed by the DSL and presented to the Governing Body at the end of the Autumn Term. The DSLs work with the Safeguarding Governor to prepare a report for the Spring Term Governing Body meeting. This includes how the School ensures that this policy is kept up to date; staff training on safeguarding; referral information; issues and themes which may have emerged in the School and how these have been handled; and the contribution the School is making to multi-agency working in individual cases or local discussions on safeguarding matters.

The School draws on the expertise of staff, including the DSLs and DDSLs, in shaping the School’s safeguarding arrangements and policies.

If there has been a substantiated allegation against a member of staff, the School will work with the Designated Officer to determine whether there are any improvements to be made to the School’s procedures or practice to help prevent similar events in the future.
The school’s arrangements to fulfil other safeguarding responsibilities

Teaching children how to keep safe

The Governing Body ensures that the School teaches its pupils about safeguarding, including online, through the curriculum, assemblies and PSHEE to help children to adjust their behaviours in order to reduce risks and build resilience, including to radicalisation. This includes teaching pupils about the safe use of electronic equipment and the internet and the risks posed by adults or young people who use the internet and social media to bully, groom, abuse or radicalise other people, especially children, young people and vulnerable adults.

Internet safety is an integral part of the School’s curriculum and also embedded in PSHEE and sex and relationships education (SRE).

The School has appropriate filters and monitoring systems in place to safeguard children from potentially harmful and inappropriate material online. Such systems aim to reduce the risk of children being exposed to illegal, inappropriate and harmful materials online; reduce the risk of children being subjected to harmful online interaction with others; and help manage online behaviour that can increase a child’s likelihood of, or causes, harm. Further detail of the School’s approach to online safety can be found in the School’s On-Line Safety Policy and the Pupil Internet and IT Policy which also includes detail on the use of mobile technology in school (and accessing 3G and 4G technology on school premises) and the School’s IT arrangements to ensure that children are safe from terrorist and extremist material when accessing the internet through the School’s systems.

Pupils are taught about the importance of wellbeing, emotional, physical and mental health in order to develop resilience and self-esteem. Parental advice is offered through parent talks and in newsletters. Pupils are taught about harmful sexual behaviours through PSHEE education appropriate to their age and stage. Pupils have several sources of support within the School; tutors, heads of year, nurses and the lay chaplain. There is a written procedure for pupils to use if they have a worry or complaint and there is a mentoring programme for Year 7 pupils. Each year group in Boarding will have a link Boarding Prefect who act as a mentor to pupils in that year group.

Looked after children

Where the School welcomes a pupil who is looked after by the local authority, the School will nominate a suitably trained designated teacher with responsibility for looked after children. This person acts as the link with the local authority to ensure that staff have up-to-date assessment information, the most recent care plan and contact arrangements with parents.

Arrangements for visiting speakers

The School has clear protocols for ensuring that any visiting speakers are appropriately supervised and suitable (The School’s Visitors’ Policy). The School must critically assess the information they receive from the visiting speaker; the information to be delivered must be aligned to the ethos and values of the School and British values.

The School is required to undertake a risk assessment before agreeing to a visiting speaker being allowed to attend the School. This will take into account any vetting requirements considered appropriate in the circumstances and may include a DBS check if relevant.
Visiting speakers will be expected to understand that, where appropriate, their session should actively promote the British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs and at no point undermine these. In some cases, the School may request a copy of the visiting speaker’s presentation and/or footage in advance of the session being provided.

Whilst on the School site, visiting speakers will be supervised by a school employee. On arrival, visiting speakers will be required to show original current identification documents including a photograph such as a passport or photo card driving licence. The School shall also keep a formal register of visiting speakers retained in line with its Visitors Policy and Data Protection Policy.

**Early Years’ provision safeguarding arrangements**

**Disqualification from working in childcare**

Where staff work in, or are involved in the management of, the School’s Early Years or provision of care of pupils under the age of eight, the School will take steps to check whether those staff are disqualified under the Childcare Act 2006. This forms part of the School’s safer recruitment practices, further details of which can be found in the School’s Recruitment, Selection and Disclosure Policy.

The School records all checks of staff employed to work in or manage relevant childcare on the Single Central Register. This includes the date disqualification checks were completed.

**Use of mobile phones and cameras**

The Staff Behaviour Policy and the Taking, Storing and Using Images of Children Policy sets out the guidance for use for staff.

The Pupil Internet and IT Acceptable Use Policy and the Taking, Storing and Using Images of Children Policy sets out the guidance for use for pupils. Pupils are not permitted to bring mobile phones or any mobile device with a camera facility into the EYFS setting.

Parents may bring mobile phones onto the premises but may only take photographs during school events for personal use. Parents should be reminded that the publication of such images (including on social network sites) may be unlawful.

Visitors may bring mobile phones onto the premises but may not take photographs or videos under any circumstances. A commercial organisation may do so but only with the consent of a senior member of staff, with appropriate supervision and after checking that relevant consent/s has been obtained.

**DSL for the EYFS**

The DSL in the EYFS setting is Matthew O’ Reilly and the DDSL is Kerry Owens (see key contacts).

**Duty to notify Ofsted**
The School will inform Ofsted of any significant event which is likely to affect the suitability of any person who is in regular contact with children on the premises where childcare is provided. For example, where the School is satisfied that a person working in a relevant setting falls within one of the disqualification criteria. Any significant event must be notified to Ofsted as soon as reasonably practicable, but at the latest within 14 days of the date the School became aware (or ought reasonably to have become aware) of it.

The School will notify Ofsted within 14 days of any allegations of serious harm or abuse by any person living, working or looking after children at the premises (whether the allegations relate to harm or abuse committed on the premises or elsewhere).

Review

This policy will be reviewed by the leadership team (which includes the DSLs) and the Governance Committee of the Governing Body in September 2020 or earlier if required.

Review: September 2019

Date of next review: September 2020

Authorised by: Stuart Westley on behalf of the Governing Body

Circulation: Governors/staff/volunteers/parents

Publication: School's website / St Mary’s Cloud / available from the School office on request
Appendix 1 – Types and indicators of abuse and specific safeguarding issues

All school staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or ‘making fun’ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child’s developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Sexual abuse also includes sexual violence and sexual harassment which can occur between two children of any sex. They can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence are sexual offences under the Sexual Offences Act 2003, such as rape, sexual assault and assault by penetration. Sexual harassment is ‘unwanted conduct of a sexual nature’ that can occur online and offline. Sexual harassment is likely to violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Sexual harassment can include sexual comments, such as telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names; sexual “jokes” or taunting; physical behaviour, such as deliberating brushing against someone, interfering with someone’s clothes and displaying pictures, photos or drawings of a sexual nature; and online sexual harassment, which might include non-consensual sharing of sexual images and videos and sharing sexual images and videos (both often referred to as sexting); inappropriate sexual comments on social media; exploitation; coercion and threats. Online sexual harassment may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

Neglect: the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may
occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

**Indicators of Abuse**

**GENERAL INDICTORS OF ABUSE:**
- Significant changes in behavior without explanation
- Unkempt appearance
- Significant changes in behavior without explanation
- Deterioration in work
- Poor attendance at school/persistent lateness
- Low self esteem
- Withdrawn
- Aggressiveness, anger, anxiety, tearfulness
- Extremes of passivity or aggression
- Fear of parents being contacted
- Running away
- Self-harm

**Indicators of physical abuse may include:**
- Bruises/marks on soft parts of the body e.g cheeks, forearm (in defence), hips, stomach, upper arms, shoulders and neck
- Bruises/marks that carry the imprint of an implement or hand
- Bite marks, burns, scalds, welts
- Unexplained recurrent injuries, burns or bruises
- Untreated injuries

**Behavioural indicators of physical abuse may include:**
- Refusal to discuss injuries or improbable explanations
- Flinching from physical contact
- Acceptance of excessive punishment
- Pattern of absences which may serve to hide bruises or other physical injuries
- Wearing clothes that may cover bruises, particularly in hot weather
- Fear of undressing for PE, for example
- Aggression towards others
- Over compliant behaviour or a ‘watchful attitude’

**Indicators of neglect may include:**
- Constant hunger and tiredness
- Underweight or obesity
- Poor personal hygiene
- Inadequate or poor state of clothing
- Poor skin or hair tone
- Not receiving basic health care

**Behavioural indicators may include:**
- Social isolation
- Frequent lateness or non-attendance at school
- Destructive tendencies
- Poor relationships with peers
- Scavenging and scrounging

**Neglect may be characterised by parents ‘omitting’ to care appropriately for their child/ren:**
- Leaving them at home when they are too young to care for themselves
- Exposing children to dangerous situations
- Putting their own needs before those of their children
- Leaving them with inappropriate carers
- Failing to provide adequate shelter, food or clothing
- Failing to seek medical treatment when children are ill or injured

**Indicators of emotional abuse may include:**
- Delays in physical development
- Self-harm
- Sudden speech disorders
- Physical complaints with no medical basis

**Behavioural indicators of emotional abuse may include:**
- Excessively withdrawn
- Delays in intellectual development
- Continual self – depreciation
- Negative statements about self
- Over reaction to mistakes
- Fearful or anxious about doing something wrong
- ‘neurotic’ behavior
- Obsessive rocking, thumb sucking
- Air of detachment
- ‘don’t care’ attitude
- Social isolation
- Does not join in and has few friends
- Desperate attention seeking behavior

**Family or parent behaviour may include:**
- Mental ill health
- Suicide attempts, depression, threats
- Domestic violence
- Alcohol and drug abuse
- Blames or puts the child down
- Humiliate their child
- Calling or negative comments
- Cold and rejecting
- Indifferent to child’s problems or welfare
- Withholds affection
- Shows preferential treatment when there is more than one child in the family

**Indicators of sexual abuse may include:**
- Provocative sexual behaviour, overly affectionate
- Sexual awareness inappropriate to the child’s age shown for example in drawings, language, games etc
- Asking other children to behave sexually or play sexual games
- Sexualises non sexualised objects or events
- Regression to younger behaviour, e.g. bed wetting, thumb sucking
- Refusing to stay with or avoiding being left alone with certain people or go to certain places
- Frequent public masturbation
- Over compliant behavior
- Tries to tell about abuse through hints or clues
- Self harm

Physical indicators of sexual abuse may include:
- Soreness in the genital or anal areas
- Unusual discharge
- Persistent urinary tract infection
- Tiredness, lethargy, listlessness
- Underage pregnancy particularly where the girl is not known to have a partner
- Sexually transmitted infections

SPECIFIC SAFEGUARDING ISSUES

KCSIE Annex A identifies specific safeguarding issues:

- children and the court system;
- children missing from education (see page 15 of this Policy);
- children with family members in prison;
- child sexual exploitation (see page 32 of this Policy);
- child criminal exploitation: county lines (see page 32 of this Policy);
- domestic abuse (see page 33 of this Policy);
- homelessness;
- so-called ‘honour-based’ violence (see page 34 of this Policy);
- Female Genital Mutilation (see page 34 of this Policy)
- Forced Marriage (see page 35 of this Policy)
- preventing radicalisation (see page 35 of this Policy);
- peer on peer abuse (see page 16 of this Policy);
- sexual violence and sexual harassment between children in school and colleges (see page 16 of this Policy).
- Upskirting (see page 36 of this Policy)

Further advice and links to guidance can be found in Annex A and staff should be particularly aware of the safeguarding issues as set out below.
Child sexual exploitation (CSE):

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity:

(a) In exchange for something the victim needs or wants, and/or
(b) for the financial advantage or increased status of the perpetrator or facilitator.

The victim may have been sexually exploited even if sexual activity appears consensual. Child sexual exploitation does not always involve physical contact: it can also occur through the use of technology.

Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education.

Reporting CSE: In addition to usual reporting, please refer to the risk assessment on the referral form for Children’s Social Care. If there are concerns about particular locations and/or perpetrator/s information can be sent to the CSE team on CSEteam@cambs.pnn.Police.uk

Child Criminal Exploitation

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered. Staff should be aware of the Home Office guidance: Criminal Exploitation of children and vulnerable adults: County Lines. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be
due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Some of the following signs may be indicators of involvement with county lines or gangs:

- persistently going missing from home/school and/or being found away from their local area;
- Unexplained acquisition of money, clothes or mobile phones;
- Multiple mobile phones and/or excessive receipt of texts/calls;
- Relationships with controlling, usually older, individuals or groups;
- Leaving home/care without explanation;
- Unexplained injuries;
- Carrying weapons;
- Significant decline in school attendance and achievement;
- Gang association or isolation from peers or social networks;
- Significant changes in emotional well-being.

The DSL will complete the SCPB Exploitation (CSE/Criminal gangs) Risk Assessment and Management Tool and refer to Children’s Social Care if there is a concern that a child may be at risk of criminal exploitation.

**Serious Violence**

All staff should be aware of indicators, which may signal that children are at risk from, or are involved in serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in well-being, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

Advice is provided in the Home Office’s Preventing youth violence and gang involvement and its Criminal exploitation of children and vulnerable adults: county lines guidance.

**Domestic Abuse**

Domestic abuse includes any incident or pattern of incidents of controlling, coercive, threatening behaviours, violence, or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to psychological, physical, sexual, financial and emotional.

Exposure to domestic abuse and/or violence can have serious, long lasting emotional and psychological impact on children. The School should be mindful that children can often blame
themselves for the abuse or may have had to leave the family home as a result of the abuse. Domestic Abuse may lead to other safeguarding concerns and should therefore be managed under this policy.

We are working in partnership with Cambridgeshire Police and Cambridgeshire County Council to identify and provide appropriate support to pupils who have experienced domestic abuse in their home; this scheme is called Operation Encompass. Cambridgeshire’s Education Safeguarding Team will share police information of all domestic incidents, where one of our pupils has been present, with the DSL. All information sharing and resulting actions will be undertaken in accordance with ‘Cambridgeshire and Peterborough Joint Agency Protocol for Domestic Abuse – Notification to Schools, Colleges and Early Years settings.’

So called ‘honour based’ violence:

This encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing.

Female genital mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK. Guidance on the warning signs that FGM may be about to take place, or may have already taken place, can also be found on pages 38-41 of the Multi-agency statutory guidance on FGM. Pages 59-61 focus on the role of schools. To give an example of indications that a girl has already been subjected to FGM:

- A pupil may have difficulty walking, sitting or standing and may even look uncomfortable.
- A pupil may have frequent urinary, menstrual or stomach problems or spend longer than normal in the bathroom due to difficulties urinating.
- There may be prolonged or repeated absences from school and/or noticeable behaviour changes (e.g. withdrawal or depression) on the pupil’s return.
- A pupil is reluctant to undergo medical examination.

If staff have a concern that a pupil may be at risk of FGM, they should activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with Police and Children’s Social Care. If in any doubt, staff should speak to the DSL.

There is a statutory duty on teachers to personally report to the Police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Unless the teacher has a good reason not to, they should still consider and discuss any such case with the DSL and involve Children’s Social Care as appropriate. The report should be made by calling 101, the single non-emergency number. If the teacher is unsure whether this reporting duty applies, they should discuss their concerns with the DSL in accordance with this policy. Where a teacher suspects that a pupil is at risk (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or it involves a pupil over 18, teachers should follow the School’s local safeguarding procedures. See Mandatory reporting of female genital mutilation – procedural information (December 2016) for further information about the duty.
Forced marriage:

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage. There are a range of potential indicators that a child may be at risk of forced marriage, details of which can be found on pages 13-14 of the Multi-agency guidelines: Handling cases of forced marriage. School staff can also contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fmu@fco.gov.uk.

Radicalisation:

The DSLs are trained Prevent Leads and can offer support and guidance.

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. It can also call for the death of members of the armed forces, whether in this country or overseas.

The School aims to build pupils’ resilience to radicalisation by promoting fundamental British values and enabling them to challenge extremist views.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific influences such as family, friends or online, and with specific needs for which an extremist or terrorist group may appear to provide an answer. The internet and the use of social media in particular have become major factors in the radicalisation of young people. As with other safeguarding risks, staff should be alert to changes in children’s behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately, which may include making a referral to the Channel programme.

Special educational needs and/or disabilities (SEND):

Pupils with SEND may not outwardly shown signs of abuse and/or may have difficulties in communication about abuse or neglect.

These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child’s disability without further exploration;
- the potential for children with SEND being disproportionally impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

Staff will support such pupils in expressing any concerns they may have and will be particularly vigilant to any signs or indicators of abuse, discussing this with the DSL as appropriate.
Lesbian, gay, bi or trans (LGBTQ+): Children who are LGBTQ+ can be targeted by their peers. In some cases, a pupil who is perceived by their peers to be LGBTQ+ (whether they are or not) can be just as vulnerable as children who identify as LGBTQ+.

Upskirting:

is now a criminal offence and typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.

Sexting:

For the purposes of this policy sexting means the taking and sending or posting of images or videos of a sexual or indecent nature, usually through mobile picture messages or webcams over the internet.

These images may be shared between young people and/or adults via a mobile phone, handheld device or website with people they may not know.

The making, transmission or soliciting of indecent images of children is a criminal offence. The School treats all incidences of sexting as safeguarding matters to be actioned in accordance with this policy.

Members of staff should not view sexual imagery which is reported to them, or copy, print or share the images. In referring any incident of sexting, members of staff should describe the content of the image/s as reported to them.

The DSL may in exceptional circumstances view images with the prior approval of the Head and only where:

(a) it is the only way to make a decision whether to involve other agencies, as there is insufficient information available as to its contents;
(b) it is necessary to report the image to a website or agency to have it taken down; or
(c) a pupil has reported the image directly to a member of staff in circumstances where viewing the image is unavoidable.

Where an image must be viewed:

- viewing should take place on School premises wherever possible;
- the image should be viewed by a person of the same sex as the person alleged to be shown in the image and wherever possible this will be the DSL/DDSL;
- a senior member of staff should be present to monitor and support the person viewing the image. This member of staff does not need to view the image;
- full details of the viewing must be recorded in the School’s safeguarding records, including who was present, the date and time, the nature of the image and the reasons for viewing it.

If any device/s need to be confiscated (whether to view the image/s or to pass evidence to the appropriate authority), they should be turned off and locked away securely until they are required. Written details of who took this step and where the devices are kept should be recorded.

If external agencies do not need to be involved, the School must consider the deletion of any images. Pupils should be asked to delete images themselves and confirm that this is done. Members of staff should not search devices to delete images.
If images have been shared online and cannot now be deleted by the person who shared them, the School should consider reporting the images to the relevant web host or service provider or contacting the Internet Watch Foundation or Childline (if the website does not provide this option).

The UK Council for Child Internet Safety’s advice note Sexting in schools and colleges (August 2016) contains further information.

The College of Policing has also produced a briefing note on sexting (November 2016) which provides information on how Police forces treat instances of sexting by young persons.

Advice for pupils and parents is available at:

Http://www.thinkuknow.co.uk

https://www.childline.org.uk

https://www.nspcc.org.uk

Mental health:

The School wants to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. Incidences of depression, self harm and eating disorders have all risen in recent years in the UK and are all linked to poor mental health. It is vital that we work in partnership with parents to support the well-being of our pupils. Parents should share any concerns about the well-being of their child with school, so appropriate support and interventions can be identified and implemented.

Advice for pupils and parents is available at:

https://www.youngminds.org.uk

https://www.mentalhealth.org.uk
Appendix 2 – Responsibilities of the designated safeguarding lead (DLS)

The name and contact details of the DSL and DDSL for the junior and senior school are set out in the Key contacts list at the front of this policy.

The role of the DSL is set out at Annex B of KCSIE. The main responsibilities are as follows:

**Managing Referrals:**

The DSL is expected to:

- refer cases of suspected abuse to the Local Authority Children’s Social Care as required;
- support staff who make referrals to the Local Authority Children’s Social Care;
- refer cases to the Channel programme where there is a radicalisation concern as required;
- support staff who make referrals to the Channel programme;
- refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service (DBS) as required; and
- refer cases where a crime may have been committed to the Police as required.

**Work with others:**

The DSL is expected to:

- act as a contact point;
- liaise with the Head to inform him/her of issues – especially ongoing enquiries under section 47 of the Children Act 1989 and Police investigations.;
- as required, liaise with the Case Manager (see page 19-21, the Local Authority Senior Named Officer and the Designated Officer(s) at the Local Authority for child protection concerns in cases which concern a member of staff;
- liaise with staff (especially pastoral support staff, school nurses, IT technicians and the SEND department) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies;
- act as a source of support, advice and expertise for staff.

**Training:**

The DSLs and DDSLs undertake training to provide them with the knowledge and skills required to carry out the role. This training includes Prevent duty awareness training and will be updated every two years. In addition, their knowledge and skills will be refreshed at regular intervals, at least annually, to allow them to understand and keep up with any developments relevant to their role so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and Local Authority Children’s Social Care referral arrangements;
- have a working knowledge of how Local Authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
• ensure each member of staff has access to, and understands, the School’s Safeguarding and Child Protection Policy and procedures, especially new and part time staff;
• are alert to the specific needs of children in need, those with special educational needs and young carers;
• understand the importance of and are able to keep detailed, accurate and secure written records of concerns and referrals which are shared appropriately and in line with information sharing guidance;
• understand and support the School with regard to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
• are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at School;
• can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident that they have the capability to support SEND children to stay safe online;
• obtain access to resources and attend any relevant or refresher training courses; and
• encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the School may put in place to protect them.

Raise awareness:

The designated safeguarding lead should:

• ensure the School’s Safeguarding and Child Protection Policy and processes are known, understood and used appropriately;
• ensure the School’s Safeguarding and Child Protection Policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with the Board of Governors regarding this;
• ensure the School’s Safeguarding and Child protection Policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the School in this; and
• link with the SCPB to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements.

Prevent:

In accordance with the Prevent duty guidance for England and Wales and Channel duty guidance: protecting vulnerable people from being drawn into terrorism (HM Government, July 2015) the Prevent Lead has, in addition, the following responsibilities:

• acting as the first point of contact for parents, pupils, teaching and non-teaching staff and external agencies in all matters relating to the Prevent duty;
• co-ordinating Prevent duty procedures in the School;
• liaising with local prevent co-ordinators, the police and local authorities and through existing multi-agency forums, including referrals to the Channel Police Practitioner and / or the police where indicated;
• undergoing WRAP or other appropriate training;
• maintaining ongoing training programme for all school employees including induction training for all new employees and keeping records of staff training; and
- monitoring the keeping, confidentiality and storage of records in relation to the Prevent duty.

**Child Protection file**

- Where children leave the School, the DSL shall ensure their child protection file is transferred to the new school or college as soon as possible. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained.
- When receiving a child protection file, the DSL will ensure key staff such as DSL/DDSLs and the Head of Learning Support, is aware as required.
- In addition to the child protection file, the DSL should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.
Appendix 3 - Safeguarding flowchart

Safeguarding concern or concern about a child’s welfare

Concern logged and passed immediately to the Designated Safeguarding Lead (DSL) or Deputy Designated Safeguarding Lead (DDSL) for Child Protection

DSL or DDSL will decide what action to take, which may include a Children's Social Care referrals 0345 045 5203

If the DSL or DDSL is unavailable or not contactable for any reason and you have immediate concerns about a child's welfare contact Children’s Social Care referrals 0345 045 5203

Allegation made against an adult in a position of trust

Concern logged and reported to the Headteacher. If the concern is about the Headteacher, report to the Chair of Governors

Headteacher/Chair of Governors will telephone the Named Senior Officer

Chris Meddle 01223 703564
Diane Stygal 01223 97115

For further advice contact the Designated Officer (LADO) 01223 727967

No safeguarding concern but emerging needs of the child indicate that additional services or support may be required

Concern logged and passed to the Designated Safeguarding Lead (DSL) or Deputy Designated Safeguarding Lead (DDSL)

An Early Help Assessment will be completed. For further advice contact the Early Help Hub (EHH) 01480 376666
Appendix 4 – Making a referral (steps for staff to follow)

Where a child is suffering, or is likely to suffer from harm, a referral to Children’s Social Care (and if appropriate the Police) should be made immediately. The contact details for Children’s Social Care are set out at the front of this policy.

Where staff may be required to make a direct referral, there are a number of additional resources staff may find helpful:

Online reference to find the relevant Children’s Social Care contact numbers:

the flowchart set out at page 15 of part 1 of KCSIE 2019 and the flowcharts set out in Chapter 1 of Working Together to Safeguard Children 2018 for information about the likely actions and decisions required.

Staff will need to have access to certain information about the child and the safeguarding concern in order to make the referral as follows:

(a) personal details of the child;
(b) detailed information about the concern;
(c) information about the child’s family and siblings.

If the referral is made by telephone, this should be followed up in writing with care taken to ensure this information goes to the correct recipient and is transmitted securely.

If the referral is made by someone other than the DSL, the DSL should be informed of the referral as soon as possible.

Confirmation of the referral and details of the decision as to what course of action will be taken should be received from the local authority within one working day. If this is not received, the DSL (or the person that made the referral) should contact Children’s Social Care again.

Following a referral, if the child’s situation does not appear to be improving, the local escalation procedures should be followed to ensure that concerns have been addressed and that the child’s situation improves. These can be found at:

http://www.safeguardingpeterborough.org.uk/children-board/professionals/procedures/escalation_policy/
INDEX

1. Context
2. Key Contacts in school
3. Vulnerable children
4. Attendance monitoring
5. Designated and Deputy Designated Safeguarding Leads in our school
6. Reporting a concern
7. Safeguarding training and induction
8. Safer recruitment/volunteers and movement of staff
9. Online safety in schools
10. Children and online safety away from school
11. Supporting children not in school
12. Supporting children in school
13. Supporting children on return
14. Peer on Peer Abuse
15. Support from the Local Authority

From 20th March 2020 parents were asked to keep their children at home, wherever possible, and for schools to remain open only for those children of workers critical to the COVID-19 response - who absolutely need to attend.

Schools and all childcare providers were asked to provide care for a limited number of children - children who are vulnerable, and children whose parents are critical to the COVID-19 response and cannot be safely cared for at home.
This addendum to the School's Safeguarding and Child Protection Policy contains details of our individual safeguarding arrangements in various areas.

2. **Key contacts in school** – see pages 6 and 7 of the policy for pictures of these members of staff

   Designated Safeguarding Lead/ Prevent Lead/Female Genital Mutilation Lead, St Mary’s Senior School
   Miss Aodain Fleming (Deputy Head: Pastoral and Boarding)
   Tel: 01223 224 172  email: afleming@stmaryscambridge.co.uk

   Designated Safeguarding Lead/ Prevent Lead, St Mary’s Junior School (inc EYFS setting)
   Mr Matthew O’ Reilly (Head of Juniors)
   Tel: 01223 224 149  email: moreilly@stmaryscambridge.co.uk

   Deputy Designated Safeguarding Lead / Domestic Violence Lead, St Mary’s Senior School
   Mr Paul Mallabone (Head of Upper School)
   Tel: 01223 224 147  email: pmallabone@stmaryscambridge.co.uk

   Deputy Designated Safeguarding Lead, St Mary’s Senior School
   Mr Stephen Seidler (Deputy Head: Academic)
   Tel: 01223 224 161  email: sseidler@stmaryscambridge.co.uk

   Deputy Designated Safeguarding Lead, St Mary’s Junior School (inc EYFS setting)
   Mrs Kerry Owens (Deputy Head of Juniors, Pre-prep co-ord)
   Tel: 01223 224 141  email: kowens@stmaryscambridge.co.uk

3. **Vulnerable children**
Vulnerable children include those who have a social worker and those children and young people up to the age of 25 with education, health and care (EHC) plans. Further information on vulnerable children can be found in Government’s guidance on vulnerable children and young people.

Those who have a social worker include children who have a Child Protection Plan and those who are looked after by the Local Authority. A child may also be deemed to be vulnerable if they have been assessed as being in need or otherwise meet the definition in section 17 of the Children Act 1989.

Those with an EHC plan will be risk-assessed in consultation with the Local Authority and parents, to decide whether they need to continue to be offered a school or college place in order to meet their needs, or whether they can safely have their needs met at home. This could include, if necessary, carers, therapists or clinicians visiting the home to provide any essential services. Many children and young people with EHC plans can safely remain at home.

Senior pastoral leaders, especially the Designated and Deputy Designated Safeguarding Leads know who our most vulnerable pupils are. They have the flexibility to offer a place to those on the edge of receiving children’s social care support.

Where relevant, the School will continue to work with and support children’s social workers to help protect vulnerable children. This includes working with and supporting children’s social workers. The lead person for this in the senior school will be: Miss Aodain Fleming and in the Junior school Mr Matthew O’Reilly

Designated Safeguarding Leads (DSLs) or Deputy Designated Safeguarding Leads (DDSLs) or Heads of Year (HoY), whichever is deemed most appropriate will make phone contact with each vulnerable pupil on a regular basis to check their safety and wellbeing by speaking to the child and not just the parent.

DSLs, DDSLs or HoY will record a summary of conversation and ensure follow normal procedures for notification to the DSLs. Any unsuccessful contacts, as well as those that did take place will also be recorded. Any urgent safeguarding concerns will be escalated immediately, for example, through consultation with Children’s Social Care and/or the police immediately.

Where it may become relevant, some vulnerable pupils who have a social worker will attend the School, so long as they do not have underlying health conditions that put them at risk. In circumstances where a parent does not want to bring their daughter to the School and their daughter is considered vulnerable and should be in school, the social worker and the School will explore the reasons for this directly with the parent.

Where parents are concerned about the risk of their daughter contracting COVID19, the School or the social worker will talk through these anxieties with parents following the advice set out by Public Health England.
We will encourage our vulnerable pupils to attend school, including remotely if needed.

4. **Attendance monitoring**

Local authorities and education settings do not need to complete their usual day-to-day attendance processes to follow up on non-attendance.

The School and social worker will agree with parents/carers whether pupils in need should be attending school. We will then follow up on any pupil that was expected to attend, who does not. We will also follow up with any parent or carer who has arranged care for their daughter and their daughter subsequently does not attend.

To support the above, we will, when communicating with parents, confirm emergency contact numbers are correct and ask for any additional emergency contact numbers where they are available. In all circumstances where a vulnerable pupil does not take up their place at school, or stops attending, we will notify their social worker.

5. **Contact details for Designated and Deputy Designated Safeguarding Leads in our school**

Staff have contact details for the DSLs who will be available during the school day as usual.

Safeguarding information can be accessed via St Mary’s Cloud in the usual way and as required.

Where relevant, the DSL and DDSLs will continue to engage with social workers and attend all multi-agency meetings, which can be done remotely.

6. **Reporting a concern**

Where colleagues have a concern about a pupil, they should continue to follow the process outlined in the School’s Safeguarding and Child Protection Policy and share the concern with DSL or DDSL using the usual reporting forms found on SMC.

Staff and volunteers may identify new safeguarding concerns as they see pupils in person following return to School after School closure.

Colleagues are reminded of the need to report any concern immediately and without delay.

Where colleagues are concerned about an adult working with children in the school, they should report the concern to Charlotte Avery (Head).

Concerns around or about the Head should be directed to the Chair of Governors: Stuart Westley via Katy Dix, Executive Officer to the Governing Body on 01223 224 102 or email SWestley@stmaryscambridge.co.uk

7. **Safeguarding training and induction**
DSL training is unlikely to take place whilst there remains a threat of the COVID 19 virus. For the period COVID-19 measures are in place, a DSL or DDSL who has been trained will continue to be classed as a trained DSL or DDSL even if they miss their refresher training.

All existing school staff have had safeguarding training and have read part 1 of *Keeping children safe in education (KCSIE)* (2019). The DSLs will communicate with staff any new local arrangements so that they know what to do if they are worried about a child.

Where new members of staff are recruited, or new volunteers start working at the School, they will continue to be provided with a safeguarding induction.

If staff are deployed from another education or children’s workforce setting to the School, we will take into account the DfE supplementary guidance on safeguarding children during the COVID-19 pandemic and will accept portability as long as the current employer confirms in writing that:-

- the individual has been subject to an enhanced DBS and children’s barred list check;
- there are no known concerns about the individual’s suitability to work with children; and
- there is no ongoing disciplinary investigation relating to that individual.

Upon arrival, they will be given a copy of the School’s Safeguarding and Child Protection Policy, relating safeguarding policies and confirmation of local processes and confirmation of DSL arrangements.

8. **Safer recruitment/volunteers and movement of staff**

It remains essential that people who are unsuitable are not allowed access to children. When recruiting new staff, the School will continue to follow the relevant safer recruitment processes for their setting, including, as appropriate, relevant sections in part 3 of *Keeping children safe in education (KCSIE).*

In response to COVID-19, the Disclosure and Barring Service (DBS) has made changes to its guidance on standard and enhanced DBS ID checking to minimise the need for face-to-face contact.

Where we are utilising volunteers, we will continue to follow the checking and risk assessment process as set out in paragraphs 167 to 172 of KCSIE. Under no circumstances will a volunteer who has not been checked be left unsupervised or allowed to work in regulated activity.

We will continue to follow the legal duty to refer to the DBS anyone who has harmed or poses a risk of harm to a child or vulnerable adult. Full details can be found at paragraph 163 of KCSIE.

We will continue to consider and make referrals to the Teaching Regulation Agency (TRA) as per paragraph 166 of KCSIE and the TRA’s ‘Teacher misconduct advice for making a referral’. During the COVID-19 period all referrals will be made by emailing Misconduct.Teacher@education.gov.uk.
Whilst acknowledging the challenge of the current national emergency, it is essential from a safeguarding perspective that the School is aware, on any given day, which staff/volunteers will be in school and that appropriate checks have been carried out, especially for anyone engaging in regulated activity. As such, we will continue to keep the single central record (SCR) up to date as outlined in paragraphs 148 to 156 in KCSIE.

9. **Online safety in schools**

We will continue to provide a safe environment for our pupils, including online. This includes the use of the School’s online filtering system. Where pupils are using computers in school, appropriate supervision will be in place.

10. **Children and online safety away from school**

It is important that all staff members who interact with children, including online, continue to look out for signs that a child may be at risk. Any such concerns should be dealt with according to the School’s Safeguarding and Child Protection Policy and where appropriate referrals should still be made to Children’s Social Care or the police immediately.

Online teaching should follow the same principles as set out in the Staff Behaviour Policy, the ICT Acceptable Use Policy and the On Line Safety Policy. We will ensure any use of online learning tools and systems is in line with privacy and data protection law requirements.

Below are some things to consider when delivering virtual lessons, especially where webcams are involved:

- one to one teaching sessions are allowed in discrete circumstances where the parent has confirmed permission for this in writing and where there is prior written approval from the DSL. Sessions must be recorded on Teams. Any member of staff is encouraged to speak to a DSL or DDSL if they are unclear, unsure or require guidance.

- Teachers should be in a neutral area where nothing personal or inappropriate can be seen or heard in the background.

- Staff and children must wear suitable clothing, as should anyone else in the household.

- Any computers used should be in appropriate areas, for example, not in bedrooms; and where possible be against a neutral background.

- The live class should be recorded and backed up elsewhere, so that if any issues were to arise, the video can be reviewed.

- Live classes should be kept to a reasonable length of time
• Language must be professional and appropriate, including any family members in the background

• Schools should risk assess the use of live learning using webcams

• Schools must reassure themselves that any teaching/learning software and/or platforms are suitable for the age groups and raise no privacy issues; or use cases against the provider’s terms and conditions (for example, age of pupils/ consent/ no business use of consumer products).

11. Supporting children not in school

St Mary’s School, Cambridge, is committed to ensuring the safety and wellbeing of all its pupils. Where the DSL or Head of Year or Head of School has identified a child to be on the edge of social care support, or who would normally receive enhanced pastoral support in school, we will ensure that robust communication is in place for that child or young person. Details of any communication and interventions will be recorded on and will be reviewed regularly.

The School will share safeguarding messages to pupils and parents and through tutor contact.

We recognise that school is a protective factor for children and young people and the current circumstances can affect the mental health of pupils and their parents/carers. Teachers at the School need to be aware of this in setting expectations of pupils’ work where they are at home.

12. Supporting children in school

The School is committed to ensuring the safety and wellbeing of all its pupils. We will continue to be a safe space for our pupils to attend and flourish. The safeguarding team will ensure that appropriate staff are on site and staff to pupil ratio numbers are appropriate, to maximise safety. We will refer to the Government guidance for education and childcare settings on how to implement social distancing and continue to follow the advice from Public Health England on handwashing and other measures to limit the risk of spread of COVID19. We will ensure that, where we care for children of key workers and vulnerable children on site, the appropriate support is in place for them.

13. Supporting children on return

The School is committed to ensuring that information about a pupil remains accurate and will work parents/carers, pupils and any relevant multiagency partner to ascertain if there have been changes to health, welfare and wellbeing prior to return to School.

14. Peer on Peer Abuse

The School recognises that during the closure a revised process may be required for managing any report of such abuse and supporting victims. Where we receive a report of peer on peer abuse, we
will follow the principles as set out in part 5 of KCSIE and those outlined within our Safeguarding and Child Protection Policy.

The School will listen and work with the pupil, parents and any relevant multiagency partner to ensure the safety and security of that pupil. Concerns and actions will be recorded carefully and appropriate referrals will be made.

15. Support from the Local Authority – see pages 4 & 5 of the policy for additional external contact information
