Section 1: Core subjects

All students study Mathematics and Religious Studies. Students for whom English is not their first language need to choose between studying GCSE English Language and English Literature or EAL. If English is not your first language, participation on the GCSE English Language and Literature course is at the discretion of the Head of English and the Head of EAL.

[✓] Mathematics   [ ] English Language
[✓] Religious Studies   [ ] English Literature

                                                         OR

                                              [ ] EAL

Section 2: Choice subjects

Students must choose a total of six options from those listed below. Two or three choices must be Sciences and at least one must be a Modern Foreign Language.

Sciences
Students choose to study either three separate Science IGCSEs or two Science IGCSEs.

Section 3: Additional subjects

Students may like to consider studying one of the additional subjects listed below:

Computer Science

If a student is taking three separate Science IGCSEs, a student may also take Computer Science as an additional seventh option. If a student chooses this option she will not take ICT lessons nor will she have any study periods.

☐ Computer Science

Extra-curricular subjects

Additionally, students may like to choose one of the subjects listed below which is taught outside of the main curriculum. Please see the relevant subject pages for further details. NB Additional Mathematics and Silver Arts Award Scheme will all be taught in period 6 on Tuesdays, so only one of these options can be chosen.

☐ Additional Mathematics

☐ Classical Greek
